Review

"The authors successfully trace the origins of ideas in psychology, from their roots in ancient thought to modern day schools of thought. I believe this text promotes a more integrative way of thinking about the history of psychology." - Rebecca Foushee, Fontbonne University

"The chronological approach is straightforward and accessible to students." - Matthew Isaak, University of Louisiana at Lafayette

"[A History of Psychology] helps students examine their own beliefs. It is easy to apply the concepts in the early chapters to relevant, pressing issues affecting science and Psychology." - John Shelley-Tremblay, University of South Alabama

About the Author

D. Brett King has been a faculty member in the Department of Psychology at the University of Colorado at Boulder since 1990.

Wayne Viney is Emeritus Professor and Emeritus University Distinguished Teaching Scholar at Colorado State University where he taught undergraduate and graduate courses in the history of psychology and an undergraduate course in the development of scientific thought.

The book is somewhat better in the last few chapters when they move to ...

By P. Customer

I teach a graduate course in the History of Psychology, and this is possibly one of the most inaccurate textbooks I have come across. The sources used are not always reliable (e.g., the sources have been discredited by more recent research) and the authors perpetuate myths in the history of psychology and the world in general which are known to be false by any scholar of that period (e.g., the section on the Middle Ages is rife with errors). The book is somewhat better in the last few chapters when they move to the more contemporary times.

Instead of this book, I would suggest the book by Hergenhahn (An Introduction to the History of Psychology 7th Edition) as the definitively more accurate and helpful book to turn to if you need an overview of the History of Psychology.

Very Pleased

By Eleanor Huffman

I rented this book, expecting it to be used like most rented books. It came in almost brand new and no markings at all. I'm very pleased with the quality of this rented book.
