Detective Comics Vol. 6: Icarus

By Marablaise

A friend of Bruce Wayne dies after being injected with the drug Icarus and that means that his alter ego Batman goes on a revenge spree to catch the sons of bitches that is behind it before more people die.

The art is the best part in this book; I just wish the story had been as good. But I admit that I personally just don't find stories involved drugs and gangs that interesting and I found this book suffered because there wasn't any really interesting villain for Batman to face. I mean I sit here a couple of days after I had read the book and I can't think of anything really memorable about it. No funny one-liners or anything to screenshot or any great battles with some enemy, well the octopus was a bit cool, but beside her was everything just meh!

Provided by the publisher through Edelweiss for a review!

4 1/2 Stars. Great street oriented Detective story.

By Ryan Peck

Excellent story. It's good too see Batman in a story that goes with the title of the book. Out of the first 6 volumes of Detective Comics this one is the best I read so far. The art is different then the other man batman titles out their. Really enjoyed it, went good with the mood of the story. Yes there is no big time batman villain in this volume, but that's fine. This is a very street oriented tale and didn't need one. This volume collects the 5 part Icarus story and Detective Comics Annual 3 which also ties to the main storyline.

Overall excellent. While I love Snyders Batman and Tomesi's Batman and Robin is really good too, it's nice to see this volume of Detective Comics take a different direction. I believe the same team is on Vol 7 which brings back Anarky. Can't wait to read that, hopefully it's as good as Icarus.

3 of 4 people found the following review helpful.

Decent storyline, but Muddled.

By Ron Titus

I would have enjoyed the volume more if it did not feel so scattered. The last part was a revisit to other parts of the tale, but with a twist in viewpoint. It is a typical Batman tale, but only slowly adds to the Batman universe. Now the display of Bullock's life as a cat person was interesting. Read if you want to keep up with all things Batman.
