Book one of Bridget Taylor's Alpha Billionaire Series!...Broken Innocence will take you to the powerful world (full of BDSM fantasies) of Henry Lennox where he takes away the innocence of the cute Stacey.

Henry Lennox is a powerful man with unique tastes. He sits atop a media empire that he has built from the ground up. Surrounded by only the most beautiful and talented of women, he enjoys both success and excess.

Stacy Caldwell is nervous as she begins her first day at Lennox Advertising. She notices immediately that she does not exactly fit in with this stable of model-attractive young women. When she somehow attracts the notice of Henry Lennox, she is unsure how to respond. She can hardly resist his appeal, in spite of herself. What happens when their affair draws unwanted controversy?

Broken Innocence is an erotica romance intended for mature audiences.

Really hate it when a writer doesn't have enough faith in their own writing. This was the first installment, and in order to read the whole story, you have to buy the remaining 3 books. Each is very short, like 3 or 4 chapters in a normal book, so if you want the whole story, be prepared to pay.

Honest review for advanced copy

By Amazon Customer

I received an advanced copy of this book in exchange for an honest review.

I think that this book could have been a good story, but I just felt the characters had no real depth to them. I really wanted to like Stacy, but I couldn't get behind her character when she gave into Henry so easily. Unfortunately, she really had no personality. I've read a lot of books from the romance genre and I just couldn't get excited about this one. I was actually a little disturbed by the willingness of a group of women to all have a sexual relationship with the same man they work with and be okay with discussing their experiences within the workplace - it just rubbed me the wrong way. The author's writing style was pretty good, but I think more thought needed to go into the plot besides just the sex scenes. I liked that there was a plot twist at the end of the story, but it's just not enough for me to want to read the next in the series.

Disclaimer: I was selected to do an advanced reading of the book. I did not receive any direct form of payment. Romance novels are not my usual reading material.

The story was okay and the characters lacked depth. There was a little of a surprise at the end considering the rest of story was fairy tale esq. While some of the scenes were descriptive, they lacked passion and left me filled with more wonder than fulfillment.
