**BEST COGAT BOOK EVER!**

By Angela Lee

My daughter practiced with this book and got 95% on this test. My other 2 children have used other cogat books available on Amazon and they did not get over 80%. The book helped her see a variety of problems with different level of difficulties ranging from easy to difficult. I recommend this book for any parents trying to get their child in an advanced program.

Great practice sections, along with a practice test.

By Rauf Schneider

Nice practice sections to hone skills before a practice test, and overall good questions for practice. A few can be tough, but it can highlight some weaknesses.
