DEFINITELY recommend

By MCB

This book is absolutely fantastic! The recipes are SO easy to follow, very delicious, healthy and inexpensive. You do not need tons of different ingredients that cost a fortune to buy. There are beautiful pictures of each recipe, which not all cookbooks have. There are also vidoes of Hannah and/or Derek making some of the recipes on their Youtube channels which is helpful. The book is high quality and I only wish I bought it sooner.

Just to be clear, you need need an instant pot for the recipes in this cook book. The recipes are specifically written for the instant pot. I am almost done trying all the recipes and I haven't fount a bod one yet. I fount the instructions to be well-written and the recipes use mostly what I consider to be common ingredients. That is the issue I have with some cook books. everything looks good on the paper but it practice some things you just don't keep on hand on a regular bases. I didn't have that problem with this book.
