This is easy, read the soft file of the book [Holiness And Practical Religion By J.C. Ryle](#) and you get it.

HOLINESS AND PRACTICAL RELIGION BY J.C. RYLE PDF

In 1952 Martyn Lloyd-Jones wrote,

One of the most encouraging and hopeful signs I have observed for many a long day in evangelical circles has been a renewed and increasing interest in the writings of Bishop J. C. Ryle.

In his day he was famous, outstanding and beloved as a champion and exponent of the evangelical and reformed faith. For some reason or other, however, his name and his works are not familiar to modern evangelicals. His books are, I believe, all out of print in this country and very difficult to obtain secondhand.

All who have ever read him will be grateful for his great book on Holiness'. I shall never forget the satisfaction--spiritual and mental--with which I read it some twenty years ago after having stumbled across it in a second-hand book shop.

It really needs no preface or word of introduction. All I will do is to urge all readers to read the Bishop's own Introduction. It is invaluable as it provides the setting in which he felt impelled to write the book.

The characteristics of Bishop Ryle's method and style are obvious. He is pre-eminently and always scriptural and expository. He never starts with a theory into which he tries to fit various scriptures. He always starts with the Word and expounds it. It is exposition at its very best and highest. It is always clear and logical and invariably leads to a clear enunciation of doctrine. It is strong and virile and entirely free from the sentimentality that is often described as "devotional."

Ryle, like his great masters, has no easy way to holiness to offer us, and no "patent" method by which it can be attained; but he invariably produces that "hunger and thirst after righteousness" which is the only indispensable condition to being "filled."

May this book be widely read, that God's name be increasingly honoured and glorified.

Great book

By Liz

A truly excellent book for those seeking to understand the 'meat' of Christian life. This book is not for the curious, it requires both a great deal of contemplation as it's precepts are for the mature, seasoned Christian. But, that said, he outlines what it means to walk in holiness- a VITAL issue in today's compromised church. If you want to be encouraged, challenged and are willing to get to your knees after reading a few paragraphs,

then by all means dive in!! Well worth the price!!
