Amazing.

By K. Bradshaw

I have to say, im not usually a fan of romantic novels, but i came across a magazine advertisement of Tell Me Lies. Since i was making a trip to the library anyway, i figured i'd check it out and see if i liked it. I absolutely fell in love with it. I love Jennifer Crusie's style of writing. I continued to check out her books one by one and I became more and more devoted to her characters. They seem so real and alive. People that I can relate to, not those perfect heroines that you usually find in novels. Two thumbs up. Keep it up, Jennifer.

BET ME

By KONSTANTINA VENTOURAS

Such a witty and romantic novel has made me love each and every character in her book...the way her discriptions of the characters feelings are so true and believable and most of all very romantic which every woman wants in her life. Keep up the great job!

Sadly, this set is only average!

By A Customer

Being the romantic reader that I have become through the past few years (and bored with all the same old same old) a friend suggested I purchase this set by Jennifer Crusie. Sadly, I was disappointed. The stories are average at best. I was expecting something grand...the joke was on me. Ms. Cruise is an okay writer but far from sizzling! DISAPPOINTED!
