Sustained/maintained faith

By Beth Searfoss

A glimpse into some of the personal tragedies experience by Catherine Marshall, and how her faith sustained her. Her life definitely hit some rough patches, but she emerged stronger from the battles.

Powerful is the Mysterious Work of God

By Dr. W. G. Covington, Jr.

This book is so candid, so open, so honest that it is a rarity. The death of her second grandchild caused Catherine Marshall to be shaken deeply in examining her beliefs and assumptions. She was a well-known Christian author at the time and thought she had heard from God that the child would be healed. Her friend heard what she thought was the opposite from God. Catherine confesses that she was wrong on other matters as well. In going through this dark, dark night of the soul, she examines herself and life in a deep way that far exceeds much of the superficiality taught today.

"Our God is the sovereign Lord of life and death; our times and seasons are truly in His hands," she writes. This book is filled with mysteries of the spiritual arena. On the short life of her first grandchild, Peter Christopher, her son Peter observes, "For life is not to be measured in length of days, but rather in how well we fulfill out destiny. We believe that in two short weeks Peter Christopher has perfectly fulfilled his destiny and purpose."

This book will touch you to the core of your being.

Not Actually Written by Catherine

By Annie Oakley

Actually written by Marshall's 2nd husband, Leonard LeSourd, this book has a different "flavor" than other books penned by Catherine Marshall. Features entries from her own journals and published after her death in 1983, may actually be more soul-baring than if she'd written it. I would highly recommend for someone preparing for dark times. Could add to depression for someone currently feeling God has abandoned them, unless they can read 255 pages in one sitting and get to the happy conclusion.
