Brought this nifty textbook and didn't use it much since my professor was a retired cop. Came in handy for my own personal knowledge gain. Book was neat and well kept and delivery was right on time.

Needed this for a class

By striker19HB

It was cheaper (even with shipping) to buy the book here than it was at my school's bookstore. I don't sell textbooks back because you never get nearly what you paid for them, but this one was pretty good regardless. I was able to use it for several other papers in other classes.
