From the Publisher

Aimed primarily at students who will be working in the field, this book offers a thorough, practical overview of the way our current system of probation and parole deals with convicted adults and juvenile offenders. This new edition is the only major text to combine the standard topics in probation and parole with full coverage of recent trends in community corrections, including such options as electronic monitoring, home incarceration, community day reporting centers, and victim compensation programs. Besides describing the range of current programs, the text discusses various classes of offenders, with a special section on the problems posed by juveniles. It also examines such professional topics as training and officer effectiveness, as well as the larger issues of economic and political influences on the system. The book is exceptionally well organized and emphasizes a legalistic approach, noting key legal cases where appropriate and including U.S. Supreme Court decisions up to 1994.

From the Back Cover

Filled with the most up-to-date statistics, cases and citations, this book offers a comprehensive look at the probation and parole process for both juvenile and adult offenders. Known for its extensive coverage, it includes discussion of offender needs and risks, a variety of supervision programs, inmate re-entry issues and solutions, and theories of crime and rehabilitation. Readers are provided with samples of important forms and paperwork, while special features highlight international practices and stories from the field. Covers all aspects of offender processing including special topics such as: electronic monitoring, home confinement, global position satellite tracking, intensive supervised probation/parole, seamless probation/parole, prediction instruments, etc. Shows all aspects of processing both adults and juveniles and provides examples specific to each type of offender.
