Psychology book

By Ariel

This book was exactly what I needed for this class. It's interesting to read and has all the important words highlighted or bolded, which is nice. Its a different cover than the one I would've gotten from school but all the material inside is the same! I think my friend has a "custom" version but my teacher said it was fine if we didn't have that. Very good for the price!

Everything came in good shape; however

By Emily Schram

Everything came in good shape; however, I do have to find some ring holders since it is not binded.
