How much UK railway trackage is totally gone as of 2015!

By Kenneth J. Hannah

Excellent coated paper stock, with bright colors and slick finish. Printing details sharpest of UK rail books I have received. Extensive Index to old and new maps fits well with Beeching "Reshaping UK Railway" report. One appreciates the British sacrifices required to endure through WWII with a rail system stretched to its limits. Robust surface roads and truck transportation were not to come until the end of "Steam" but these 2015 era rail maps illustrate what survives.

Excellent Book

By Cat Palace

This book was a present for my son, who is English. He was delighted with the quality and the illustrations and information provided. The book was sent from England and arrived in perfect condition in a reasonable amount of time.
