"Hunter plays with the idea of just what happens when a boy who gets bullied at school takes things into his own hands and decides to fight back, and the result is a short -- but extremely sexy -- story. I found myself surprised by a few small twists and the author's sense of humor." --The Dark Arts MM Erotica

What's worse than a bully? A bully who's the hottest jock in school!

Wade Johnson thinks that he can get away with anything, just because he's the quarterback of our football team. He caught me staring at him during gym class Freshman year, and branded me a "queer". He and his teammates have been making my life hell ever since.

But golden boy Wade just slipped up, and now he's about to lose it all: his spot on the team, his hot cheerleader girlfriend, his college scholarship. And he's begging for my help.

So what am I going to do with an arrogant jock who needs to be taught a lesson?

Josh Hunter is a man after my own heart! The debut series is awesome. The style was good and so were the descriptions! I LOVED the cover art. He's a great storyteller, and I look forward to reading more.

So deliciously hot!

By Southern Boy

I read a lot of gay male erotica, but seldom take the time to write a review. After reading this short story, I just have to give the author proper credit

for writing such a great and arousing revenge tale. Having been name-called and taunted by some of the jocks when I was in high school, I can totally identify with Kevin's situation and loved every minute of Wade's comeuppance. Bonus points must be given for the lack of typos and grammar errors that are usually associated with erotic fiction stories, and for the super hot cover illustration. Mr. Hunter, keep the chapters

coming

because I can hardly wait for the next one! P.S....A little spanking and rimming in one of the following chapters would be greatly appreciated by this reader....

I try to be a good person. I really do

By Robert Nunez

I try to be a good person. I really do. But I found this revenge story so very, very satisfying (and sexy).

A nerdy victim of high school bullying uses his brains and libido to get the upper hand over a jerk of a jock. The results are a lot of fun and very arousing, like GLEE but with boners instead of Katy Perry songs. In this time of tech billionaires and Comic-Con culture, it only makes sense that the geek shall inherit the earth. And, for anyone who experienced any schoolyard bullying, it's so sweet when he does.

I'm looking forward to upcoming chapters to see where this is going. How far is this going to go? Will the nerd be able to keep the jock under control? Can't wait to find out!
