Another great release from Patrick Alain

I came to know Patrick Alain when I bought his first book at LAX airport, which was entitled "The Leader Phrase Book". I believe that this is the second or third of his phrase books. I really like his style. I teach a Management and HR class at Georgia Tech and in my management class, 50% of my students are using this book as their reference. Patrick, not only explains how to say, but he tells you what phrases to say. I believe he was the first one to come with that kind of concept. I WOULD DEFINITELY RECOMMEND IT.

For Christmas, I bought three of them from Barnes and Noble to offer them to my friends. See all 11 customer reviews...
