THE VAMPIRE DIARIES: SANGUINE VERITAS (KINDLE WORLDS NOVELLA) BY MICHELLE HAZEN PDF

What if vampires could taste your true nature in your blood? Would it bring you peace or sorrow, to know the truth?

Could it help Elena to choose which Salvatore she loves without destroying them both?

This short story starts with Damon and Elena sharing blood in the bathroom of the Grill in 04x02 Memorial. After that, everything changes as Elena tastes the blood of both Salvatores and faces some hard choices about herself and the boys she thought she knew so well.

Sensual and bitter, this story will overtake you...

Truth in Blood

By Sandra@readsandreviews

Sanguine Veritas, by Michelle Hazen, is that fan fiction story, you know, the one that stays with you long after you've closed down your computer. It is a story that is so true to the characters and the canon of The Vampire Diaries that you go away wondering how you missed the episode, or more so you are sure that everything that Hazen put to paper actually happened off-screen. It's that true.

Sanguine Veritas takes us back to season four of TVD, episode two. The council has been blown up, Elena is starving as she can't stomach Stefan's bunny diet, and she turns to Damon (as she always does) to make it better. He offers her his blood, knowing how personal it is to blood share and that's where Hazen's story takes off.

For those not well-versed in Latin, Sanguine Veritas means Truth in Blood. And, as the screen fades to black on our televisions, Hazen stays put, taking us into Elena's mind as she drinks Damon's blood and truly sees him for the first time. There is truth in blood in this story and Elena is overwhelmed with what she learns...and Damon, a vampire who doesn't want anyone to know who he really is "because then they'll expect good" flees, leaving Elena confused and rejected.

This is a truly beautiful story about three people: Damon, Elena, and Stefan who love each other so much that they find themselves in a never-ending cycle of guilt, love, anger, lust, and the attempt to hide it all from each other and themselves, believing that they won't truly be loved if the other knows who they are. Hazen

nails it when she shows through a series of blood sharing and confrontation that unconditional love means that you love regardless.

Sanguine Veritas has it all, but in the end the reader needs to decide if learning these things through the simple act of sharing blood is a cheat, skipping the act of communication where two people have to expose themselves face to face, admitting the truth out loud rather than hiding behind a curtain of blood. Surely the end is the same, you expose yourself and the other has to make a choice. Either way, this story is poetic, sexy, and shows the promise of being accepted for who you are regardless of choices you've made.

Regardless of your opinion of blood sharing vs. verbal communication, Sanguine Veritas is a stunning insight into these three characters that shouldn't be missed.

AND SHE'S DONE IT AGAIN!

By H. Clements

Hazen's Sanguine Veritas is a masterpiece in a novella. Hazen continues to astound with her profound knowledge of the characters that make up the show's love triangle, focusing on the point of views of both Elena and Damon. Their voices are clean and sharp, beautifully distinct and perfectly in character, and even though Stefan's POV is not included, Hazen nails his voice and thoughts, his actions and physical language with ease and without apology.

As usual, her tone, pacing, rhythm and word choice are to be studied as a guide in how to do it right, winning over the reader with her grace and letting us sink into the story so fluidly that you forget that you are reading and not LIVING the story. And the story itself? Delicious. A gorgeous delving into the tightrope between love and lust and trust and faith, exposing yourself to another and taking care with what they give you in return. And as well, wading through fear and rejection when confronted with a reaction that you never saw coming.

Hazen confronts it all without pause, and her talent shines through the tapestry of what she's woven, taking a single scene of bloodsharing from the show and using it as a launchpad to dive into what is really happening in the hearts and minds of these characters. It also doesn't hurt that she's got some wicked little fingers on her and things get a little steamy, in all the best ways!

Simply, a must read for anyone that enjoys the best caliber of writing available to be purchased, and another smash hit in Hazen's already stunning library of works. Bravo!

A Must Read!

By Dee Dee

All TVD fans - especially those who ship Delena - will love reading this extremely well written novella. "Sanguine Veritas" is Damon's motto. Although my high school Latin is somewhat rusty, I believe it can be translated as "In blood there is truth", or "Truth is in the blood". Ms. Hazen takes one scene from the series and then imagines what happened from that point on. She clearly has a deep understanding of Damon's and Elena's characters and this enables her to create dialogue and inner thoughts that are so very believable, touching and even heartbreaking at times. Ms. Hazen is a superb writer; anything she writes is worth reading, in my opinion. Don't miss this one!
