It's no any sort of faults when others with their phone on their hand, and you're too. The distinction might last on the material to open up **This Time You Lose By Chris Stralyn** When others open the phone for chatting as well as chatting all points, you could occasionally open up and read the soft data of the This Time You Lose By Chris Stralyn Naturally, it's unless your phone is available. You can also make or save it in your laptop or computer system that reduces you to review This Time You Lose By Chris Stralyn.

Review

"Very well-written book, a fast-paced and suspenseful read that kept me on the edge of my seat. If you enjoy thrilling, suspenseful stories, give this one a chance. You won't be disappointed." ~Taylor Wilmering, writer -Hampshire England

"Wow Wow Wow! What a story that could truly happen to anyone!" ~Shellie Brewer, Goodreads.com

"Wow! This story takes off with a bang as you wake up alongside Lisa and are instantly thrust into her living nightmare. The tension holds throughout the book and it actually gave me goosebumps at times! I loved Lisa. What a tough cookie! She easily ranks high on my 'Bad-ass Heroine' list." ~ Rachel Michaux, - Rachel's Reviews

"Good, enjoyable read. Very interesting take on a hostage situation. Kept me on the edge of my seat because the bad guy was evil enough, you never knew what he might do. I really liked Lisa and cared about what happened to her. Would definitely recommend." ~ Jamie I. Hill, Manhattan, KS

THIS TIME YOU LOSE

Lisa Kaamp operates a small childcare business out of her home in the sleepy little town of Nogecksum, Michigan. Highly respected and known for going the extra mile for her daycare kids, Lisa thought she had handled every daycare emergency possible.

But nothing prepared her for the nightmare she now faced. Lisa awakes one morning to find herself bound and gagged, four strange men in her home, and the daycare children being held hostage in the next room. Terrorized by her captors as the authorities work to meet the ransom deadline, she tries negotiating with the men for the release of the children, and soon realizes that at least one of them has no intention of letting anyone go.

With the deadline quickly approaching, Lisa must do the unimaginable to protect the children and get everyone out alive.

"THIS TIME YOU LOSE is a real heart stopper; the tension and suspense is unbelievable! Very graphic and vivid, this story is gripping, enthralling and exciting as hell. This book is a work of art. Really a phenomenal read." ~ Mike Amrein, author of Into The Flames

Development Dashed for Searing Suspense

By MobileMinx

** I won this book through a Bookplex giveaway **

This Time You Lose is the perfect choice for a suspense seeker. If you want to have a tense, tight and terror filled read from practically the first page to the last, you've found the right book.

The story relates the occurrences, over a day, in the life of child care provider Lisa Kaamp. She is accompanied by many supporting characters and one seriously sadistic antagonist. It is difficult to discuss my experience of this story without revealing key elements of the plot. Suffice it to say, there is a conflict that consumes the entire novel and is resolved very quickly at the end.

Herein, for me, lies the problem. The writing is done in real-time and presents an hour-by-hour capture of the action. However, it was sometimes unclear what the chronology was as events described occurred concurrently. The book would be well suited to a time stamp for each chapter, so that the reader can keep the timeline straight. I also found the unanswered question, which is threaded throughout, an unsettling feature. It's not clear if it is intentional, but the reader never knows why TITO, the depraved aggressor, targets Lisa so vehemently. I was left to wonder and this was not good when there was so much that transpired that seemed inexplicably evil. I don't mind some uncertainty, but this seemed to be an excessive amount and it detracted from my enjoyment of the story. As the novel reaches its climax, we have to hold our breath as we wait to find out how the situation is resolved. This state of protracted agitation is precisely the condition I was in for the whole book. It's the reason that I didn't award five stars.

Chris Stralyn is a very good writer. She uses language that is real, raw and appropriate for the character. She reveals dimensions of their personality through thought insights and memory recollections. Aspects of all ring true and the reader can find areas of relateability. The main characters are equally determined, though their goals are at odds. She writes TITO in such a way that one feels no mercy towards him. The insertion of her daycare charges and their families only layer the sensation assault, by displaying heroics and humanity simultaneously. The story is told through Lisa and her thoughts foreshadow as well as retell. Her singular focus drives the story and mirrors the accompanying police action. One wonders if they too would be able to withstand the travesties brought upon her and similarly survive.

Though we get to know the characters, the lack of exposition leaves the understanding to be situational. It would have been helpful to have more background. The story could have been a richer read and less break neck in its pacing. Though it would have made it a longer book, with those additions, we'd care about the characters because we know them and not because we know right from wrong.

This Time You Lose is a worthy effort and a worthwhile read. I would read this author again and recommend that thrill hunters find their way to this book.

Meh

By S. Hurley

I read the reviews and decided this looked like something I would enjoy as I like thrillers - however I was so disappointed I actually didn't read to the end because I knew it couldn't get any better. I deleted it from my Kindle. The first thing that got me was when the police dispatcher rang the house knowing there was something wrong and the kidnappers put Lisa on the phone to speak to them - but of course the kidnappers didn't listen in, just threatened Lisa that she better say nothing to arouse the dispatchers suspicions - please! And if I had to read how 'Lisa was a godsend' and they 'didn't know how they would have coped before she

opened her Daycare' etc. argh its no wonder I deleted it.It was far too cliched for my liking - If you want a thriller try anything by Michael Connelly, Lee Childs, John Sandford. Those that loved it must be used to reading terrible stuff if they think this is excellent!

It's ok

By Addy

It's a short read and it isn't all that bad for what it is. I will admit that I powered through from chapter 9 to the end of the book because I did want to see how it all ended up. A few things bothered me about it though which made it seem pretty unbelievable and overall left a bad taste in my mouth. I felt like I was watching a really cheesy episode of a crime TV show, if you're into that sort of thing.

The cops seemed more like the three stooges than anything else and always seemed 12 steps behind what was going on inside. I understand that this is sometimes the case, especially with that many hostages, but for such a seasoned negotiator, he sure didn't do much negotiating.

Also, how the heck were the parents in agreement all of the time, especially with how those scenarios could have played out? And 99% of the time, the kids listened and were obedient. I know they were probably scared into submission but after an entire day of being hot, hungry, and bored, I would have expected a lot more mischief from the kids.

Another thing I didn't like (**spoilers**!!):

Ryan knew that his girlfriend was enrolling the baby in daycare because that's how he knew the house would be empty (she would have to enroll the baby late because Lisa would be out of town). Knowing that it was a daycare, why would you even bother breaking and entering? I don't remember if he knew Dan was a cop (and would therefore have guns which might actually be worth something) but if you're trying to score drug money, I'm pretty sure a daycare is the last place you'd go.

On that note, they act like this place was literally the last place they could go to steal stuff for drug money which I find hard to believe, given that they all have criminal records so I'm sure they have connections.

The heavy anti-gun tone really bothered me. It should be more like "why isn't the police officer safely storing his guns in a locked safe, especially when his wife runs a DAYCARE out of the house?"

If I had to read "She leaned her head against the wall" one more time, I was probably going to throw my Kindle.

Like I said, overall it's not bad for a quick read. If somebody is going to lend it to you or gift it to you, it's worth going through because it's definitely an interesting take on the hostage story, if nothing else. I just don't know if I would buy it.
