TROLLHUNTERS BY GUILLERMO DEL TORO, DANIEL KRAUS PDF

As recognized, book *Trollhunters By Guillermo Del Toro, Daniel Kraus* is well known as the window to open the globe, the life, and brand-new point. This is what the people currently need so much. Also there are many people which don't like reading; it can be a choice as referral. When you truly need the means to produce the next inspirations, book *Trollhunters By Guillermo Del Toro, Daniel Kraus* will really guide you to the way. Furthermore this *Trollhunters By Guillermo Del Toro, Daniel Kraus*, you will certainly have no remorse to obtain it.

From School Library Journal

Gr 7 Up—Featuring plenty of edge-of-your-seat action, this offering from the director of *Pan's Labyrinth* and the author of *Scowler* (Delacorte, 2013) won't disappoint. In the late 1960s, eight-year-old James Sturges and his brother Jack were riding bikes at dusk, racing to get home before dark. Taking a shortcut under a bridge in the woods, they were attacked by a monstrous, shadowy creature with razor-sharp claws, glowing red eyes, and shaggy black fur. Though James barely escaped with his life, he never saw his brother Jack again. Now, many years later, James's 15-year-old son Jim suddenly starts seeing terrifying red-eyed monsters that no one else seems to see. When one creature pulls Jim under his bed one night, Jim learns of his own troll-hunting legacy and reluctantly enters an epic battle between trolls and humans. This work features an eclectic and endearing cast of troll and human characters. Even though the pacing is a bit choppy, moving from fast-paced in one chapter to slow in the next, the heart-pounding opening chapter would make an excellent library or classroom read-aloud. This funny, gory first series installment may engage reluctant readers, particularly those familiar with del Toro's horror films. Beautifully creepy, full-color artwork is sprinkled throughout, but it often appears well after the scene it depicts. VERDICT More gruesome than scary, this title will be a hit with teens and adults who love action-packed, dark fantasy adventures.—Leigh Collazo, Dulwich College, Suzhou, China

Review

The young want stories that do not lie about the shadows under beds and bridges - and in human hearts. *Trollhunters* teaches us about both kinds. About true friendship, grim and slimy heroes, the strength of outsiders- and the courage it takes to face everyday life. * Cornelia Funke, author of *Inkheart* * The gruesome text, paired with ghoulish illustrations, makes for a fantastic adventure in an underground kingdom that's just as dangerous as the trials and tribulations of middle school. I'm never looking under my bed again. * Tony DiTerlizzi, bestselling author and co-creator of *The Spiderwick Chronicles* * *Trollhunters* is a creative and amusing read, perfect for teenagers and adults alike. * We Love This Book *

About the Author

Guillermo del Toro is known for his critically acclaimed feature films, such as *Pan's Labyrinth*, *Hellboy*, and *Pacific Rim*, and well as his best-selling *Strain Trilogy*.

Daniel Kraus is the award-winning author of *Scowler* and *Rotters* and is the director of six feature films. He lives with his wife in Chicago.

Sean Murray is an illustrator known for his work on video games such as Dungeons & Dragons Online and The Lord of the Rings Online, as well as his fantasy guidebook Gateway: The Book of Wizards.

This is simple, review the soft data of the book [Trollhunters By Guillermo Del Toro, Daniel Kraus](#) as well as you get it.

TROLLHUNTERS BY GUILLERMO DEL TORO, DANIEL KRAUS PDF

"You are food. Those muscles you flex to walk, lift, and talk? They're patties of meat topped with chewy tendon. That skin you've paid so much attention to in mirrors? It's delicious to the right tongues, a casserole of succulent tissue. And those bones that give you the strength to make your way in the world? They rattle between teeth as the marrow is sucked down slobbering throats. These facts are unpleasant but useful. There are things out there, you see, that don't cower in holes to be captured by us and cooked over our fires. These things have their own ways of trapping their kills, their own fires, their own appetites."

Jim Sturges is your typical teen in suburban San Bernardino—one with an embarrassingly overprotective dad, a best friend named "Tubby" who shares his hatred of all things torturous (like gym class), and a crush on a girl who doesn't know he exists. But everything changes for Jim when a 45-year old mystery resurfaces, threatening the lives of everyone in his seemingly sleepy town. Soon Jim has to team up with a band of unlikely (and some un-human) heroes to battle the monsters he never knew existed.

From the minds of Guillermo del Toro and Daniel Kraus comes a new illustrated novel about the fears that move in unseen places.

The book that inspired Dreamworks Animation's Trollhunters, an all new Netflix original series.

You won't find the show here, but you'll find something well worth your while...

By L. Stout

FOR FANS OF THE TV SHOW: The key word here is 'inspired'. Mostly names, some characterizations, and concepts were brought over to the show; you will find very little that's similar. That's not a bad thing! However, if you'd like more of your favorite characters to tide you over until next season, this isn't the way to get it. I would still recommend reading it as it's amazing to see how much the idea has changed, especially in such a short time.

Now, as a book itself, I rather enjoyed it. I decided on the above disclaimer because I eagerly picked up the book after finishing the first season of the Netflix show. Initially, I was disappointed, but within the first couple of chapters I happily took the story for what it was and enjoyed every minute of it.

If you're purchasing this for your child, it depends on the child. There is a lot of cursing (at least as far as a book with illustrations in it goes, beautiful ones that that) and a great deal of violent imagery. Gorgeous, amazing, perfectly written gore. The final level for entry is the vocabulary, I'm reading this at twenty-seven and a couple of times the word choices made me tip my head to the side, baffled how a middle schooler might know the language. I find this to be a good thing, get a kid enthralled in a book and they'll learn that new term and they'll be better for it.

Finally, as a story itself. From my point of view, it felt as if A LOT was pushed into one book rather than the two or three it needed. So many ideas and plot threads are thrown at you or resolved at odd moments or too quickly. All without the satisfying ebb and flow of action to let you come down and think about what you just read. For a younger reader, I doubt they'll mind. Having lots of action is key, but the lack of tact in some

areas may grind on long time readers. It did to me, just a bit, but the detailed writing made up for the rushed exposition.

All in all, it was a fantastic read and I'm happy I picked it up; both as a reader and as a fan of the show. After this, I'm eager to get more of del Toro's work. I highly suggest it for anyone who's an avid reader, no matter the age.

Another Terrific Story from a Great Writer

By F. Brandwein

I have never read anything like it! The idea of trolls has been around forever, but what the author does in this book is scare you with the zany antics of a group of unlikely heroes. The names he gives the trolls had me laughing aloud! If you are familiar with the work of Guillermo del Toro, you will appreciate how fiendishly clever he is. By all means, invest in this book...you'll stay off of bridges but you will thoroughly enjoy this wonderful piece of writing!

a fun romp

By Kindle Customer

A fun romp. I m a Guillermo el Torro fan so it is a must read. The writting could have been better. Guillermo is clever and quick but this is not reflected in the writting which is used as a very basic medium for the story rather than crafted as he so cafelly crafted the story.
