Recipes always get RAVE reviews

By Shannon S

Like the other reviewers, my grandmother discovered this set in the 60's (she purchased the 12 individual volumes as 'weekly rewards' from her local supermarket). My mom was so impressed with the recipes that she set out to collect her own set, which we used to cook many marvelous dinners. A couple of times each month, my sister and brother and I had to take turns picking a main course, vegetable dish, or dessert from the books; provide Mom with a list of ingredients; and then cook the meals ourselves (with a little bit of Mom's help). The rule was we always had to pick something we had never had before. It was a great success. We discovered many great dishes that were used again and again to cook for special occasions and/or when company came.

I was so excited to find a complete used set at a garage sale after I had my own home and family. Eventually, over the years, I acquired newer, 'fancier' cookbooks and this set sat neglected until the last year or so when I've re-discovered how surprisingly tasty many of the recipes are. And, as another reviewer mentioned, there is a surprising variety of international and regional recipes. My husband and son never fail to give two thumbs up to the dinners I've cooked from it recently. We are surprised at the amazing flavors in many of the recipes given that they came from a time when blander cooking seemed to be the trend.

Woman's Day Encyclopedia of Cookery

A wedding gift received in 1966, this set has been my best resource for just about any food topic of interest. Now when the grandchildren ask about a food related subject like e.g. nutmeg, I tell them to look it up in the WD Encyclopedia. It's food stained, cat chewed, has moved to Australia and back, and it's still my favorite resource. Encyclopedia was the right name for it. Many recipes have become family favorites.

Brought tears to her eyes!

By Amazon Customer

I purchased this for a friend who, in a move, had lost the entire set. When I got it for her and gave it to her - she literally cried! She was SO thrilled to receive the entire set - which can be hard to find. It was in 'good' condition - a little dirty, but nothing that can't be cleaned. Also a GREAT price for the entire set. It made her day and I'm sure she will have many years of happy cooking! Thank you Amazon!
